

***** OPEN MEETING *****
**LARGEST BESS - BATTERY ENERGY
STORAGE SYSTEM IN EUROPE PROPOSED
ON OUR DOORSTEP**

A Planning Application will shortly be submitted to build a 1.5GW BESS on a 30 acre site just outside Letchmore Heath

- * 400 shipping containers will be filled with lithium-ion batteries.**
- * This industrialised proposal presents real fire risks.**
- * The fires require huge amounts of water to cool equipment.**
- * This contaminated water run-off could enter our water system.**
- * Poisonous vapour clouds could hang over our area for days.**

Please come to our presentation and Q & A session

**ON TUESDAY 10TH OCTOBER AT 7.30 PM
@ THE RADLETT VILLAGE INSTITUTE**

(corner of Watling Street and Theobald Street)

For info call Janet Engels 07740 945 815 or Alison Rubinson 07775 631 217
